

J&E Hall HSO 2024

Specifications

Brand	J&E Hall
Type	HSO 2024
Refrigerant	NH 3 (ammonia)
kW at -10°C/+40°C	540,1
kW at -20°C/+40°C	336,3
kW at -30°C/+40°C	195,7
m3 / h	853 m ³ /h
Remarks	Y.O.B. 2016
Sizes	720x880x570 mm (LxWxH)
Stock	1

Description

Used J&E Hall HSO 2024

Overhauled J&E Hall HSO 2024 open range compressor. Key to the success of the HallScrew single screw compressor is its outstanding reliability. Only three basic moving parts are involved, a main rotor which meshes with two diametrically opposed star wheels and result in balanced compression. Compressors are extremely robust and boast long bearing life over 100,000 hours. For easy of maintenance, the side casing can be removed to give access to all parts without removing the machine from its installation.

*Why choose for HOSBV? We're not only the largest used refrigeration specialist in Europe, but also, we deliver all equipment including an extensive test, warranty and industrial cleaning.

*Optional we can also perform a new

paint job and arrange the logistics.
