

Trane ECGAH235

Specifications

Brand	Trane
Type	ECGAH235
Product type	Air Cooled Chiller
Capacity kW	113,5
Capacity Tons	32,27
Refrigerant	Freon
Refrigerant Type	R22
Weight in kg.	971
Sizes	2920x1020x1280
Compressor(s) type & model	3-D Scroll TRANE compressors
Remarks	capacity At 7°C leaving chilled water temperature, 35°C outside ambient air temperature.
Stock	1

Description

Used Trane ECGAH235

Used, air cooled Trane chiller type ECGAH235. Separate hydraulic module including chilled water pump and buffer tank. Available with refrigerant R134a, R22 and R4044. // capacity r404a 111.4kW // capacity r22 113.5kW (nominal)

Model Standard	Nominal Cooling Capacity (1)			Overall Dimensions L x W x H (mm)	Operating Weight (kg)
	R134a (kW)	R22 (kW)	R404A (kW)		
CGAH 115	33.5	49.3	47.5	2060 x 1020 x 1280	539
CGAH 120	42.4	52.3	60.5	2060 x 1020 x 1280	612
