

Carrier 30 RQS 078A0278 PE

Specifications

Marka	Carrier
Typ	30 RQS 078A0278 PE
Typ produktu	Air Cooled Chiller
Ogólna wydajność w kW	74
Ogólna wydajność w	21,04
Tonaż	
Czynnik chłodzący	Freon
Pump	✓
Waga kg.	581
Rozmiary	2109x1090x1330 mm (LxWxH)
Compressor(s) type & model	Emerson Copeland ZP182KQE-TFD-604 scroll compressor
Display	Touchpilot
Number of fans	1
Fan specifications	Carrier fan with 970 RPM at 400V 50 Hz 1,4 kW and Ø800 mm
Uwagi	y.o.b: 2017
Stock	1

Description

Used Carrier 30 RQS 078A0278 PE

Used Carrier 30 RQS 078A0278 PE air cooled liquid chiller. Complete with 2 Emerson Copeland ZP182KQE-TFD-604 scroll compressors. A plate heat exchanger containing a volume of 5.6 Liters. 1 Axial fan Ø800 mm with an airflow of 19015,2 m³/h. A touchpilot control. single pump and one 12 liter expansion vessel.

*All components of this used chiller will be tested on adequate performance, leak free condition (condensing blocks), compressors, fans, control panel, and so forth). Choosing HOSBV means buying with warranty. We perform a industrial cleaning. *If requested we are happy to arrange your shipment.
