Description

Used MTA TAE EVO M10

Used MTA TAE EVO M10 air-cooled chiller on Freon R407C. Complete with a Tecumseh RK5518W hermetic compressor, condenser with 1 fan, finned coil exchanger in a water storage tank as evaporator, Calpeda B CTM 61 water pump and a control cabinet with a Dixell controller.
*All components of this used chiller will be tested on good working, leak free condition (condensing blocks, compressors, fans, control panel, etcetera). Choosing HOSBV means buying with warranty. We perform an industrial cleaning and rust spots will be covered. Also, we can arrange your shipment.
