

Grundfos CLM 125-242-7.5 A-F-A-BQQE

Specifications

Marka	Grundfos
Rodzaj	CLM 125-242-7.5 A-F-A-BQQE
Przepływ objętościowy Q 120,0 maks. (m ³ /h)	
Wysokość dostawy H maks. (M)	16,5
Moc maks. (kW)	7,5
Remarks	Electromotor: 7,5 kW at 1450 RPM
Stock	1

Description

Used Grundfos CLM 125-242-7.5 A-F-A-BQQE

Used Grundfos CLM 125-242-7.5 A-F-A-BQQE waterpump. In-line, single-stage centrifugal pump. The in-line design with suction and discharge connections opposite each other allows installation in pipework or on a concrete foundation. The mechanical seals are corrosion resistant and maintenance free. The motor is a three-phase AC motor with PTC thermistor (> 2.2 kW) and extended shaft end.
